

A Watch That Will Last A LIFETIME.

In a watch, the greatest wear takes place in the journals and their bearings. The South Bend Watch has journals—called pivots—made of the finest quality of steel, tempered by a special process and brought to an absolutely perfect finish. Their bearings are the finest imported jewels, carefully selected and polished with specially prepared diamond powder. They are practically proof against wear.

This is but one of the many features that make a South Bend Watch the most durable watch made.

The Only Way

Many Cookeville Citizens Have Discovered It

Just what to do when the kidneys are affected, is a question that concerns both young and old. Weak kidneys neglected in children lead to life-long suffering. People of advanced years, with less vitality, suffer doubly. In youth or age, languor, backache, urinary irregularity, dizziness and nervousness make life a burden.

There is one remedy that acts directly on the kidneys. Doan's Kidney Pills owe their world-wide fame to the fact that they do this. Follow the example of this Cookeville citizen and you will be convinced that this is so.

L. H. Clark, Cedar St., Cookeville, Tenn., says: "I used Doan's Kidney Pills some years ago, getting them at Neal & Staley's Drug Store, and they relieved me of backache and other symptoms of kidney complaint. I take pleasure in confirming the testimonial I gave in their favor at that time."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Ben Franklin, Texas

Dear Herald Readers: I will try to write a few lines this morning as it has been some time since I have written to our grand little paper. I see so many letters from my friends, schoolmates and relatives it makes me want to write. Cousin Anna I sure do feel sorry for you. Have you heard from Jim yet? I believe the Lord will answer your prayers.

How is uncle P. M. Jaquess getting along and what has become of cousin Laura Kimes.

Cousin Perie Wassom why have you quit writing? Write again and tell us how your papa and mama are getting along.

I don't live close to any of my people now but they were all well the last time I heard from them.

Uncle Joe I would like to hear from you again.

Mrs. Minerva Bean I sure was glad to hear from you.

Uncle M. V. Lewis I would like to hear from you once more and so many others that I can't mention them all, but all of you that I knew I sure would like to see you.

We live in Delta County, Texas near Ben Franklin. That is our post office, so you will all know where to write to us.

I will close with best wishes to all.

SUSIE DOWELL.

Bells, Texas

Dear Editor and Readers: As I see several writing about their country and also asking others to write and describe where they live, I'll tell you a little of Grayson County where I live.

Grayson County is one of the northern counties and is in the eastern part of central Texas. It is one of the oldest counties in the state. Denison and Sherman with population between 15,000 and 20,000 are the principal towns of the county. Whitesboro and Whitewright are the two largest other towns.

Sherman is the county seat, and located near the center of the county.

The summers are long here but generally there is a cool breeze both day and night. During winter we have what we call northers but they don't last very long.

Grayson County is recognized as good agricultural land, almost all kinds of fruit give good yields but there is some rough, rocky land here that reminds me of old Tennessee.

There is more cotton raised here than anything else. Last year there was lots of cotton and it was sold for a good price. Most every farmer around here is going to plant lots of cotton this year.

Farmers are getting ready to

sow oats. Everything begins to look green like spring of the year and some few around here have been gardening but I think it to early.

Come on you Brotherton writers and give us all the news. I used to go to school at Brotherton with Uncle John Willett's girls.

Herman, write another letter to the Herald; also Eunice W.

PAIRZETTA VINCENT.

Grays, Ark.

Mr. Editor: Mrs. Myrtle Hayes visited Mrs. Bettie Williams Sunday.

Miss Lottie Bell Bullington visited Miss Edna Wilkerson Sunday.

Miss Emma Hatcher is very low at this writing.

Burglars passed through Grays about the 15th. of January and blowed Anglo & Hayes' safe and got about \$65, and robbed the post office for about \$60.

Joe Pagette and John Hayes caught them at Jonesburg. They are now in jail at Little Rock.

Come on all you Long Branch and Silver Point people with the news. Elizabeth Garrison I would like to see a letter from you.

Hello uncle Jere Starnes of Cookeville. STARLING WILLIAMS

Death of Daniel P. Clark

Daniel P. Clark, one of the city's old citizens, died Friday evening at 8:50 o'clock after a long illness.

Deceased was born in Putnam County, Tenn., Feb. 28, 1851. He came to Fannin county about thirteen years ago, settling near Leonard and afterward moving into town. Shortly after moving here he suffered the misfortune of losing his eyesight and aside from this affliction he suffered from nervous attacks and his condition gradually grew worse until the call of the divine healer ended his suffering. He was a member of the Methodist church, having accepted the faith twenty-one years ago, and until ill health prevented he was a regular attendant and was active in all religious work. He is survived by a wife and three children—two grown daughters and a son seventeen years of age.—Leonard, Texas, Graphic.

Ravenscroft

Charley Rice was killed Feb. 2 in Iowa at the Buxton coal mines. Thirty-five cars run over him and he died in a few minutes. His remains were brought to Eastland for burial. Mr. Rice had many friends and relatives in this section.

John A. Rice and children spent Monday with his brother, Matt Rice, at Eastland and are now with his sister, Mrs. Tennie Shelton of this place.
